The Snake Suture Organizer

Saves time during valve implantation by keeping the suture-ends organized and tangle-free

Malleable

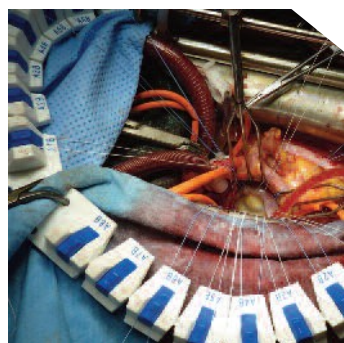

- It adapts itself to the shape of the surgical wound
- Bendable: you can conform it to the shape of the thorax
- Ideal for minimal invasive valve implantation

Easy to Use

- Numbers and AB letters prevent suture entanglement and reduce clutter
- Adhesive Underside Surface fixes the Suture Organizer firmly to the surgical drape

State of The Art Design and High Quality Material

- Superior Design utilizes only high quality materials, silicone rubber dividers hold suture ends more firmly than other available devices
- Latex Free
